CREATIVE SOLUTIONS FOR TEACHERS AND STUDENTS IN AND OUT THE CLASSROOM

Secrets to being strong & confident

1. How not to yearn for approval and recognition from others but to approve of yourself.
2. How to respond to circumstances by choice instead of reacting from past conditioning.
3. How to live with integrity, so that your word is law.
4. How to have the courage to take action inspite of fear, doubt & worry.

“Influence” is defined as the power to affect other people’s thinking and actions. In short, how to get people to do what you want. Those who truly understand the power of influence use it to inspire their faculty and students. Leaders agree that the top skill is the ability to present your talents, and ideas in a way that will energize people.
